***“Collect moments, not things,
during your holidays.”***

Dear Parents

Holidays are always a welcome break from the normal routine and we all look forward to them. They give us opportunity to pursue all those activities that we enjoy but never found enough time to indulge in. When used appropriately, homework can reinforce what has been taught, contribute to the development of children, cultivate a healthy disposition towards learning and most importantly, maintain a continuation with the process of education that began at the Learning Center.

The holiday homework for Nursery has been especially designed to strengthen the concepts taken up in ongoing themes and to ensure your maximum participation in your child's development plan. Care has been taken to plan activities that would help to build senses, enrich vocabulary, enhance creativity and thinking skills as well as develop an appreciation for music. Kindly encourage the spirit of scientific enquiry and foster awareness about nature. Along with all this, we have included personality development activities that aim at building values, improving self-esteem and memory.

Make sure that you click photographs of your child while doing all these activities with him/her. Create a collage of all the clicked pictures on an A3 size construction paper and send it to us so that we can celebrate his/her accomplishments when the school reopens.

We wish you a very happy and fruitful family time during this vacation and hope you have fun sharing the homework with your child.

Best regards
