“Develop a passion for learning. If you do, you will never cease to grow.”
—Anthony J. D'Angelo

The background of the slide is a vibrant, tropical scene. It features a light blue sky with soft, white clouds. In the foreground, there are several palm trees with green fronds and pinkish-red flowers. A large, colorful flamingo is visible on the right side, with its long neck and legs extending towards the bottom right corner. The overall atmosphere is bright and summery.

Dear Students,

Summer is a time to relax, be productive and to get ahead. As important as it is to rest and enjoy, it is also important to continue to learn. You can spend your time as you wish but make sure that along with enjoying and relaxing make this summer a time to learn new things, exploring the opportunities available. Use your energy and give a vent to your creativity.

It will surely enhance your learning process.

Relax, enjoy, have lots of fun and come back rejuvenated.

Note for Students

- Always greet elders respectfully and use polite words like please, sorry, and thank you.
- Help your parents and family members in small household tasks.
- Spend less time on screens and more time reading or playing.
- Read any English Newspaper daily to enhance your Reading Skills and general Knowledge.
- Maintain proper handwriting and presentation in all subjects.
- Write one page of English and one page of Hindi daily to enhance writing skills in a practice Notebook.
- Revise the concepts done in class regularly
 - Be creative, original, and put in your best efforts.
- Stay positive, happy, and confident in whatever you do.

Note for Parents

- Introduce children to simple breathing exercises, meditation and yoga. These activities promote relaxation, self-awareness, and emotional well-being.
- Have at least 2 meals together with your children. Teach them the importance and hard work of farmers and ask them not to waste their food.
- Let them wash their own plates after every meal.
- Allow them to help you in cooking. Let them make their own vegetable and fruit salad.
- Take them to your work spot and let your child understand that you work so hard to support your family.

Mathematics

Get ready to merge Math and Art! Gather materials: paper, coloring tools, cardboard and scissors. Pay attention to detail, create intricate designs, define shapes, and cut accurately. Follow guidelines, use required shapes, and stick to size requirements. Explore math concepts like quadrilaterals, tessellations, and geometric patterns. Prioritize safety, Especially with sharp objects. Have fun exploring art and math!

Note: Do all the three tasks according to your roll number on A3 size colored sheets.

ROLL NUMBER TASK NUMBER

1 TO 9: TASK 1 (Quadrilateral Canvas)

10 TO 18: TASK 2 (Pattern Creation)

19 TO 27: TASK 3 (Art Angle)

28 ONWARDS: TASK 4 (Mathematical Magazine)

QUADRILATERAL CANVAS:

Task 1: Create an abstract art piece using different types of quadrilaterals (parallelograms, rectangles, rhombuses, Squares, etc.).

Instructions: Use an A3 size sheet of paper and color pencils, markers or paints. Include at least one of each type of Quadrilateral in your artwork. Make sure the shapes are clearly defined and labeled.

PATTERN CREATION:

Task 2: A tessellation is when a flat surface like floor or a piece of paper is covered with repeating geometric shapes.

The shapes must fit together so that there are no gaps in between.

Instructions: Design tessellations using one shape only. It should be a regular figure (use basic shapes like triangles, squares, hexagons). Paper cut-outs to be used. <https://www.instructables.com/Tessellations/>

ART ANGLE:

Task 3: Design a jigsaw puzzle using various shapes like, rhombuses, and trapezoids etc.

Instructions: Draw a large geometric pattern that consists of different shapes on a sheet of paper. Color the shapes and cut them out to create a puzzle. Paste the shapes on cardboard and cut out the shapes.

A Heartfelt Request: Be the Voice for the Voiceless

As we all know, this summer has been extremely harsh and unforgiving. While we, as humans, have ways to protect ourselves there are voiceless souls around us who can neither express their discomfort nor ask for help.

Many stray animals and birds struggle to find even a single meal or a drop of water in this heat. Let us become their voice. Your **one small act of kindness** can save them from dehydration or even a heatstroke.

Here's a simple request for all of us:

Place an **earthen pot or bowl of clean water** in an accessible spot for birds and animals.

If possible, **offer food**, such as leftovers or simple meals, to the strays around you.

Record your daily journey—click pictures of your efforts and maintain a **photo journal** to capture these meaningful memories.

Let this summer be remembered not just for its heat, but for the warmth of our compassion.
